

a U.S. Venture company

## Energy that looks **exactly** like you need it to.

With a focus on refined products, alternative fuels, and environmental credits, we're uniquely positioned to help you navigate the evolving energy industry. Our engagement across the energy supply chain offers realistic, executable strategies that satisfy your economic, environmental, and operational goals.

### What We Do

UPSTREAM

#### WE'RE PROJECT DEVELOPERS

**Convert methane to renewable natural gas** that can be used as an alternative fuel, thermal energy, or as an input to produce hydrogen and renewable diesel.

**Develop a supply of carbon credits** through the preservation and reforestation of several US-based forests.

**Optimize every project for credit generation** with a strong focus on environmental stewardship.

MIDSTREAM

#### WE'RE ENERGY DISTRIBUTORS

**Transform market volatility into exclusive insights** that help our customers Stay Ahead®.

**Ensure product is where you need it, when you need it**, by leveraging our established industry relationships, in-house trading team, multimodal logistic capabilities, eight-million-barrel terminal storage capacity, and access to more than 200 third-party terminals.

DOWNSTREAM

#### WE'RE ENERGY MARKETERS

**Link wholesale, commercial, and retail customers** with a polyfuel suite of solutions.

**Provide a holistic energy strategy**, matching the right fuel for the right application while planning for future growth.

**We have second-to-none offerings and capabilities** that can help you secure fixed energy pricing, build fueling and charging stations, brand your convenience store, or secure carbon credits.

**Pairing a comprehensive portfolio with unrivaled capabilities, we're Finding a Better Way to build a tailored energy strategy that works for you—today and into the future.**

Backed by our 70+ year tenure, our team is driven to be the very best and most trusted energy solutions provider that you'll genuinely enjoy working alongside.

hello@us-energy.com

**Our Footprint**

**35+ OWNED AND 200+ 3RD PARTY TERMINALS**

**3.7M WHOLESALE GALLONS MARKETED DAILY**

**1.3M+ RETAIL GALLONS DELIVERED DAILY**

**40+ RENEWABLE NATURAL GAS PROJECTS**

**50+ ALTERNATIVE FUELING STATIONS**

**1.6B+ RIN, LCFS, AND CFP CREDITS TRANSACTED**

**Our Portfolio**

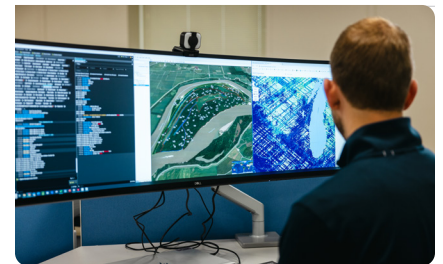

**REFINED PRODUCTS**

Gasoline, Diesel, Distillates, and Natural Gas Liquids

**ALTERNATIVE FUELS**

Ethanol, Biodiesel, Renewable Diesel, Renewable Natural Gas, Electric Charging, and Hydrogen

**ENVIRONMENTAL CREDITS**

Carbon Credits, Renewable Energy Credits, and Clean Fuel Credits (RINs, LCFS, CFP)
